

Emergency Care Services Competency Checklist

Name :

Date :

This Competency Checklist is designed to assess and enhance the proficiency of emergency care providers in utilizing O-CIS. It ensures that staff can effectively navigate, document, and retrieve patient records while adhering to best practices, legal regulations, and hospital policies. By mastering EMR functionalities, healthcare professionals can improve patient safety, reduce documentation errors, and enhance overall workflow efficiency in high-pressure emergency settings.

Materials	Legend
Computer with access to O-CIS Environment	D = Done; ND = Not Done

ACCESSING O-CIS Please refer to applicable SLMC-Policy and Procedure "Privacy Policy". Regulatory 1-15-2, 03032025	D	ND
1. Open a browser then go to https://portal.stlukes.com.ph/		
2. Enter User name and Password .		
3. Click the  button.		
4. Click on  OCIS-TEST (This is "  OCIS-PROD " in production).
